### **DETAILED ACTION**

1. Claims 15-29 are presented for examination.

#### ***Election/Restrictions***

2. Restriction to one of the following invention is required under 35 U.S.C. 121:
  - I. Claims 15-20, 27-29 are drawn to establishing a connection between a server and a client via H.323 proxy or a gateway, classified in class 709, subclass 227.
  - II. Claims 21, 23-26 are drawn to providing a security firewall to a system, classified in class 713, subclass 200.
  - III. Claim 22, is drawn to a business method for determining a monetary charge for user usages on a game server, classified in class 705, subclass 52.
3. Inventions I, and II are related as subcombination disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. The following case instant:

Invention I, discloses a method for establishing a connection between a client and server without the features of invention II and III.

Invention II, discloses a method for providing a security firewall without the features of invention I and III.

Invention III, discloses a method for determining a monetary charge for user usages without the features of invention I and II.

Art Unit: 2155

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
5. Applicants are advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
6. Applicants are reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
7. A shortened statutory period for response to this action is set to expire ONE month, or 30 days, whichever is longer, from the mailing date of this communication. Failure to respond within the period for response will cause the application to become abandoned (35 U.S.C. § 133).
8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Liang-che Alex Wang whose telephone number is (571)272-3992. The examiner can normally be reached on Monday thru Friday, 8:30 am to 5:00 pm.
